

Mother Lode (Music & Lyrics: Kurt E Hoffman Copyright 2008) 

*In my life, I have loved, then there's all those things that I was
born with*

*And I was lucky as we all know, to have known the Mother Lode.
And I was lucky to have found, a love that would last and last,
And I was fortunate to have a family with a future and a past,
Guess I got me here the Mother Lode, Yes I got me here the
Mother Lode*

*And If we're all just as lucky to have found the Mother Lode,
then maybe we can all return the favor.*

*I believe the Mother Lode is a treasure that we all, can share
upon.*

*So I will put my best foot forward in an effort to lighten up the
store,*

*And we give this all to the Mother Lode, Including all those
things that we adore.*
