

V.A.A.L.U. (Words & Music, Kurt E Hoffman ©2014)

Lived our whole lives in this town
Why'd you put up with this clown?
Why did you keep hanging around?
I am not mentally sound.

But someday we're gonna make it.
Don't know how you ever take it, then we say...
V is for validate,
A is for appreciate,
A again acknowledge it so,
L is obviously Love Love
U

Working almost everyday
Not much time for us to play
Middle class folks we are
Forced to drive this old car

Maybe someday we'll see the ocean
If I get that major promotion, then we say...
V is for validate,
A is for appreciate,
A again acknowledge it so,
L is obviously Love Love
U

Kids grown up, already gone
Checking accounts are overdrawn
Utility bills way too high
Retire, well kiss that goodbye
When can we ever hit the lottery?
Spin for millions it's not just a fantasy
Then we'd stay at a fancy hotel,
Take a trip to Cozumel, then we say...

V is for validate,
A is appreciate,
A again acknowledge it so,
L is obviously Love Love
U
Ooh, ooh, ooh ooh

V is for validate,
A is for appreciate,
A again acknowledge it so,
L is obviously Love Love
U.....VAALU, VAALU
